ABOUT US

The Philippine Institute of 21st Century Educators Inc. (PICEi21) was founded in March 2019 by a group of educators from Iloilo Science and Technology University, College of Education. The organization's goal is to conduct seminars, conferences, and trainings for teachers in all levels in public, private, and State Universities and Colleges (SUC) all over the country. PICEi21 believes that the teachers are the most effective agents in the process of effective and efficient learning.

With that in mind, the group organized the organization's first ever event, The 1st Regional Educators Conference Summit, held on May 24, 2019 at the New Castle Hotel, Iloilo City. With all of the members' cooperation, the event was a success, which was attended by more than two hundred educators in the whole Region VI.

Inspired and motivated by its first event, PICEi21 became more dedicated in conceptualizing and developing events that would greatly help its members appreciate the art of teaching and its essential role in the society.

February 8-10, 2020, the 2nd event was realized : The 3-day National Training- Workshop on Designing and developing Instructional Materials, at La Carmela de Boracay Resort and Convention Center in Boracay Island, Malay, Aklan. It had, again, an overwhelming number of participants mostly from the different state universities and colleges in the Philippines. Indeed, the organization, step-by-step, was making a big name as one of the providers of relevant trainings for the country's 21st century educators.

ABOUT US

Covid 19 pandemic had made a great impact in everyone's life; however, PICEi21 did not stop its advocacy in helping teachers reach their potentials and become better versions of themselves. Thus, from face-to-face trainings, it took the risk to offer online events just to make sure that learning still goes on.

It was on July 17, 2023, via Zoom Video Conference, with the topic "Learning to Teach Online" it's first online event was conducted where almost five hundred participants had attended, participated, and testified that no pandemic can hinder the organization's and its members' love for the teaching profession.

PICEi21's efforts in delivering relevant events for the country's 21st century educators grew even stronger as it tried to apply as one of the CPD providers in the country. It was in October 2021 when its application was granted by the Philippine Regulation Commission and was given its accreditation number, PTR-2021-346, and has a validity until 2024.

The organization's first workshop with CPD points was conducted, again, in Boracay Island last June 23-25, 2023. The said event tackled research designs and methods: qualitative, qualitative, and mixed-method approaches. Two more events are set to be conducted in July 2023.

The organization will never stop conducting professional training and other professional activities for teachers as it's a way of promoting quality and high-caliber education in the Philippines. PICEi21 always recognizes the importance of continuing education for Filipino educators by providing avenues not only for its members' career advancements but also for the development of the Philippine's education for its present and future generation.

MEET THE NEW PRESIDENT

Prof. Gilbert Cabilangan Magulod Jr., PhD, currently serves as the University Director for Knowledge and Technology Management at Cagayan State University's Andrews Campus in Tuguegarao City, Philippines since 2018. He is a distinguished faculty member in the College of Teacher Education at Cagayan State University in Lasam. At the remarkable age of 32, he achieved the esteemed position of Accredited Full-fledged Professor IV in the field of education, as confirmed by the National Accreditation Committee of the Philippine Association of State Universities and Colleges (PASUC) in November 2022. Prof. Dr. Magulod's academic journey is characterized by outstanding achievements. He completed his Ph.D. in Educational Management in 2013 at the impressive age of 23. Additionally, he holds a Master of Arts in Education (2011) and a Bachelor in Elementary Education degree (2010) from Cagayan State University. He is a licensed professional teacher. His professional trajectory commenced as a dedicated private elementary school teacher at San Lorenzo Ruiz Educational Institute, followed by assuming the role of private elementary school head at Lasam Academy Incorporated. Prior to joining Cagayan State University, he served as a faculty member in the School of Education Arts and Sciences at the University of Saint Louis Tuguegarao. Throughout his tenure at Cagayan State University, he progressively advanced from the ranks of Instructor to Assistant Professor, Associate Professor, and ultimately Full Professor. As a recognized authority in his field of specialization, Prof. Dr. Magulod actively contributes as an editor, guest editor, and reviewer for various esteemed Scopus and WoS SSCI Indexed journals in the domain of education. His exceptional expertise and accomplishments have led to his recent approval as a member of the National Research Council of the Philippines for NRCP Regular Membership this year 2023, specifically under Division 1 (Governmental, Educational, and International Policies). Notably, he ranks among the Top 1,000 Scientists in the Philippines according to the Alper-Doger Index Ranking. He has also received the esteemed Leadership Development Program for Higher Education Institutions (LP-HEIs) scholarship, sponsored by SEAMEO SEARCA and The HEAD Foundation. Furthermore, he has been granted the esteemed Leadership Development Program for Higher Education Institutions (LP-HEIs) scholarship, sponsored by SEAMEO SEARCA and The HEAD Foundation.

Prof. Dr. Magulod's contributions extend beyond his research achievements. He has authored and co-authored instructional learning materials and books covering a wide range of topics in education, including action research, research methodology, the role of teachers and school communities, community-participatory research design, and experimental research. These publications serve as valuable resources for educators and researchers, providing guidance and insights. As a research manager, Prof. Dr. Magulod also assumes the role of a program and project leader for institutionally funded Research, Development, and Extension (RDE) projects. He has made substantial contributions by facilitating and co-generating technologies that have received official registration as utility models in the Intellectual Property Office of the Philippines (IPOPHIL). This exemplifies his dedication to translating research findings into practical applications and fostering technological advancements within the field of education. Through his active engagement in both institutional and external research endeavors, he continues to contribute significantly to the advancement of knowledge and innovation in education.
