SUBJECT: **POLICY FOR THE GRANT OF SERVICE CREDITS FOR MANUSCRIPT WRITING**

This is to inform the PSU Community of the **POLICY FOR THE GRANT OF SERVICE CREDITS FOR MANUSCRIPT WRITING** (please see attachment). This is pursuant to BOR Resolution No. 91, s. 2020, which was approved by the Board during its 79th Regular Board of Regents Meeting last December 17, 2020.

For reference and guidance.

PARTIDO STATE UNIVERSITY

I. Title of Proposal: PROPOSED POLICY ON THE GRANT OF SERVICE CREDITS FOR MANUSCRIPT WRITING

II. Proponent: Bernadette G. Gumba, PhD

III. Rationale:

Our University has aggressively endeavored to become a research hub in the Bicol Region. As such, we have constantly encouraged our faculty to engage in research vis-à-vis their instruction work. However, these efforts are not without challenges on the part of the faculty-researchers. First, the Civil Service Commission has recently reiterated the need to observe proper conduct in the workplace and disciplinary measures on attendance, tardiness and leave among government employees. Out-of-campus research-related engagements might not be officially recognized without a clear-cut policy on the matter. Second, the University has recently received an official reminder about many funded researches which have not been completed on time. This may be traced to the time management difficulties faced by faculty-researchers. Third, due to the escalating demand for highly technical and scientific researches, it has been laborious on the part of the researchers to sharply analyze data and write a quality terminal report. Writing of a technical paper, research report and publishable manuscript requires ample time and deep concentration. Fourth, despite many enabling mechanisms and reminders, the faculty's output on publication has remained low. All these challenges may be due to the tight schedule of faculty-researchers in which they are likewise expected to attend to instruction-related functions.

As a support mechanism for faculty-researchers, they should be given ample time to re-write and re-package their research report into a publishable manuscript. This proposal is hereby forwarded to the Board of Regents for approval.

IV. Objectives. The proposed policy aims to:

1. Expedite the faculty's preparation and submission of research manuscript for possible publication;
2. Support the faculty's efforts to write and revise their manuscript which are under full consideration for publication in a refereed journal;
3. Set up a legal basis which the faculty-researchers can utilize in their endeavor to write a publishable manuscript;

V. The Proposal

For the purposes of this proposal, the term "manuscript" shall include the following: research and/or extension report, research-based creative work, research-based performing arts, research-based instructional materials, or research-based specialized book. The faculty shall apply for the provision of service credits. For each application, the faculty-researcher is entitled to three (3) days of service credits. The maximum number of applications is two (2) per manuscript.

The procedures and corresponding documentary requirements in the application for service credits are enumerated below.

A. Repackaging a Terminal Report.
   1. Submit to the OVPREEA photocopy of terminal report with comments from reviewer/s, as basis for repackaging;
   2. Submit to the OVPREEA a signed commitment of concrete outputs to be delivered to avail of the service credits upon completion, endorsed by the Dean;

B.. Writing a Publishable Manuscript.
   1. Submit to the OVPREEA a documentary proof that the manuscript is under full consideration for publication in a refereed journal, including comments of referees pertinent to the publishable manuscript;
   2. Submit a signed commitment of concrete outputs to be delivered to avail of the service credits upon completion, endorsed by the Dean;

The faculty-researcher shall submit the concrete outputs, as indicated in the commitment form, for the endorsement of the Dean and approval of the VPREEA. A certification shall be issued by the OVPREEA that the deliverables have been complied with, as attested by the Dean. The documents should be attached to the application for service credits. New UREKMC forms shall be prepared for this purpose.

Full-time teaching personnel will be granted service credits while teaching personnel on accrued leave will be granted COC. The actual writing of the manuscript should be done outside of working days. Manuscripts based on externally-funded research where the faculty-researcher receives honorarium are excluded from this proposed policy.

VI. Effectivity: Upon approval by the Board of Regents.

OPINION

This treats the letter-query of Bernadette Gumba (GUMBA) of Partido State University, Goa, Camarines Sur, dated July 15, 2020[1]. Pertinent portions of her letter are quoted herein as follows:

> *"I am an administrator of the Partido State University in GOA, Camarines Sur. I have submitted a proposal to the University Research, Extension and Knowledge Management Council (UREKMC) about providing service credits to university faculty who are going to write research manuscripts for publication. I propose that a teacher who has completed a research will be given ample time to repackage the report into a publishable manuscript and/or to revise a manuscript which is under the full consideration for publication.*
>
> *May I ask if a SUC President is allowed to approve 2 to 3 days service credits to a university faculty who has finished writing a publishable manuscript?"*

Vacation Service Credits refer to the leave credits earned by public school teachers for services rendered during activities authorized by proper authorities during long and Christmas vacation. These credits are used to offset their absences due to illness or to offset proportional deduction in vacation salary due to absences for personal reasons or late appointment. The manner by which service credits may be earned by teachers is subject to the guidelines issued by the Department of Education, Culture and Sports (DECS)[2] [now Department of Education].

Deped Order No. 53, s. 2003 or the Updated Guidelines on Grant of Vacation Service Credits to Teachers provides for the activities that are eligible and non-eligible for service credits, *viz*:

> *4. **Activities Eligible for the Grant of Service Credits***
> *Service credits may be granted for the following activities:*
>
> 1. *services rendered during registration and election days as long as these are mandated duties under existing laws;*
> 2. *services rendered during calamity and rehabilitation when schools are used as evacuation centers;*
> 3. *services rendered in connection with the conduct of remedial classes during the summer or Christmas vacation or outside of regular school days;*
> 4. *services rendered in connection with early opening of the school year;*
> 5. *services rendered during school sports competitions held outside of regular school days;*
> 6. *services rendered by those who train teachers in addition to their normal teaching loads;*
> 7. *teaching overload not compensated by honoraria;*
> 8. *teaching in non-formal education classes in addition to teaching in formal education classes carrying a normal teaching load;*

[1] Officially received by this Office on July 14, 2020.
[2] Section 9 of the Omnibus Rules on Leave.

9. *work done during regular school days if these are in addition to the normal teaching load;*
10. *conduct of testing activities held outside of school days; and*
11. *attendance/participation in special DepEd projects and activities which are short-term in duration such as English, Science and Math Mentors' Training, curriculum writing workshop, planning workshop, etc., if such are held during the summer vacation or during weekends.*

A premium of 20% may be granted for educational activities (as opposed to non-educational activities such as election duties, calamity assistance) which require specialized expertise.

*5. **Activities Not Eligible for the Grant of Service Credits***
Service credits shall not be granted for the following activities:

1. *in-service training programs fully funded by the government;*
2. *assignment to clerical work, such as checking forms and finishing reports commonly required in connection with the opening and closing of classes;*
3. *reassignment of teachers to duty in another bureau or office; (detailed in another government office)*
4. *assignment in connection with exhibits at a fair;*
5. *postponement of a regular teacher's vacation; and*
6. *time spent in travelling to and from station to the place where services are rendered.*

Corollary thereto is Sec. 4 (h) of Republic Act No. 8292[3] or the Higher Education Modernization Act of 1997 which gives the Board of Trustees of state universities and colleges the power to grant, at its discretion, leaves of absence under such regulation as it may promulgate, any provisions of existing laws to the contrary notwithstanding. Such leave of absence includes vacation/sick leave of absence and vacation service credits.

With the discretionary power granted to the Board of Trustees of each state universities and colleges, we are of the opinion that conditions and grant of service credits varies from institution to institution depending on the program thrusts of the State University or College concerned, subject to the prior approval of their respective governing boards.

Thus, approval and other conditions in the grant of service credits in PSU shall primarily depend on the latter's program and policy as approved by their governing board subject only to existing Civil Service Laws and rule.

The foregoing is based solely on the facts submitted and our appreciation of the same.
