MEMORANDUM OF AGREEMENT

KNOW ALL MEN BY THESE PRESENTS:

This Memorandum of Agreement executed by and between:

The **UNIVERSITY OF THE PHILIPPINES VISAYAS (UPV),** a constituent unit of the UNIVERSITY OF THE PHILIPPINES, the national university of the Philippines, established and existing by virtue of Executive Order No. 628 s. 1980 and Republic Act No. 9500, with principal office at Miagao, Iloilo 5023 represented herein by its Chancellor **DR. RICARDO P. BABARAN,** herein referred to as **"FIRST PARTY";**

-and-

The **PARTIDO STATE UNIVERSITY,** an institution of higher learning with principal office at San Juan Bautista, Goa, Camarines Sur represented herein by its President **DR. RAUL G. BRADECINA,** herein referred to as **"SECOND PARTY"**

WITNESSETH: That,

WHEREAS, the **FIRST PARTY** is mandated by law to promote affordable, quality and relevant higher education that is accessible to all; ensure academic freedom and promote its exercise and observance for the continuing intellectual growth, advancement of learning and research, development of responsible and effective leadership, education of high-level and middle-level professionals and the enrichment of our historical and cultural heritage in the Philippines;

WHEREAS, the **FIRST PARTY** recognizes that there is a need to provide financial support to the **SECOND PARTY** in order to upgrade their institutional capability and sustain the development efforts towards meeting the challenges of producing the required manpower resources needed for accelerated national development.

WHEREAS, the **FIRST PARTY,** through the project, entitled **"Technology Transfer of Improved Dried Products from Low-Value Fish Species,"** respectively, identified the SECOND PARTY as collaborator for the said project.

WHEREAS, on November 7, 2015, a Memorandum of Agreement (the "MOA") was entered into between Commission of Higher Education (CHED), the funding agency and UPV, lead implementing agency identified by CHED to assist in the planning and management of research activities of National Agriculture and Fisheries Education System (NAFES) institutions. Said MOA was notarized by Atty.

Federico T. Macabangon and entered into his Notarial Register as Doc. No. 394, Page No. 79, Book No. 111, Series of 2015.

NOW THEREFORE, for and in consideration of the foregoing premises, the parties hereto hereby agree as follows:

I. ROLES AND RESPONSIBILITIES OF THE PARTIES

1. The **FIRST PARTY** shall:

   1.1 Provide funding assistance to the **SECOND PARTY** in the amount of **ONE MILLION THREE HUNDRED EIGHTY-NINE THOUSAND PESOS (P 1,389,000.00)** as collaborator for the implementation of the project entitled ""**Technology Transfer of Improved Dried Products from Low-Value Fish Species,**" respectively, to be released in accordance with the approved Line Item Budget (LIB) (Annex "A") and Work Plan (WP) (Annex "B").

   1.2 Through its Monitoring and Evaluation Team, see to it that funds, to be released in full, provided for to the **SECOND PARTY** shall be used properly and for the intended purposes specified.

   1.3 Release of funds to the **SECOND PARTY** shall be made in two tranches, subject to review, evaluation and approval by the **FIRST PARTY** duly supported by the required financial and technical reports, and submission of deliverables.

2. The **SECOND PARTY** shall:

   2.1 Properly utilize the funds provided by the **FIRST PARTY** and shall see to it that these are used for the purpose for which the same are intended, in accordance with the approved WFP and TOR, and subject to the usual accounting and auditing rules and regulations;

   2.2 Issue an Official Receipt for every amount received from the UPV;

   2.3 Deposit the funds received from the **FIRST PARTY** with any government authorized depository bank nearest the program site;

2.4 Separately keep and maintain any/all necessary accounting ledgers/ records for the project which shall be voluntarily submitted whenever required and subjected to monitoring and evaluation of the **FIRST PARTY** Authorized Representative/s and furnish fully the certified true copies of any/ all required documents;

2.5 Submit accomplishment report at the end of the project implementation and semi-annual progress reports duly certified by the head of the institution to the **FIRST PARTY.**

2.6 Submit a quarter financial report within a month after each quarter and a liquidation report at the end of the project implementation to the **FIRST PARTY** certified correct by the Accountant and approved by the head of the institution.

2.7 The Accounting Office of the **SECOND PARTY** shall hold the last quarter of Project Staff's honorarium to be released only upon submission of deliverables, technical accomplishment report and financial report at the end of the project implementation, as certified by the FIRST PARTY.

2.8 Return to the **FIRST PARTY** any/ all unused balance of the program fund, including any/all income/ interest earned/ generated from the same, upon pre-termination or completion of the project within forty-five (45) but not more than sixty (60) calendar days, pursuant to Executive Order No. 338;

2.9 Abide by the provisions of **COA Circular No. 94-013** which is made an integral part hereof and other government laws, rules and regulations directly or indirectly pertaining to projects funded either fully or partly by government agencies.

2.10 In realizing the program, and for the purpose of propriety, transparency and accountability, the **SECOND PARTY** shall faithfully observe the provisions of RA 9184 (Government Procurement Reform Act) and its Implementing Rules and Regulations.

2.11 Adhere to the prescribed accounting entries for booking up property/ equipment purchased out of project funds.

II. OWNERSHIP OF PURCHASED EQUIPMENT AND FACILITIES

In the event that the research grant shall include provision for equipment and facilities, the **CHED** (funding agency) reserves the right to ownership over the purchased equipment and facilities subject of the grant until full liquidation by the **SECOND PARTY** is completed. Transfer of ownership of the said equipment and facilities in favor of the **SECOND PARTY** shall ensue upon issuance of Invoice Receipt of property by the **CHED**, or completion of any other required accounting and audit procedure for the purpose.

III. OWNERSHIP OF RESEARCH OUTPUTS

The **FIRST PARTY** and **SECOND PARTY** hereby agree and understand that intellectual property rights, ownership and enjoyment thereof arising from this project shall be governed by the applicable provisions of **RA 10055** (***An Act Providing the Framework and Support System for the Ownership, Management, Use, and Commercialization of Intellectual Property Generated from Research and Development funded by Government and for other purposes***), **RA 8439** (***An Act Providing a Magna Carta for Scientists, Engineers, Researchers and other Science and Technology Personnel in Government***), and **RA 8293** (***An Act Prescribing the Intellectual Property Code and Establishing the Intellectual Property Office, Providing for Its Powers and Functions, and other Purposes***) including their respective Implementing Rules and Regulations, as well as existing and future policies of the **CHED** on Intellectual Property Rights.

IV. RESEARCH DEALING WITH INDIGENOUS PEOPLE'S PROPERTIES, RESOURCES, KNOWLEDGE AND/OR HERITAGE

In case the research project would utilize any property, knowledge, heritage, culture, tradition, institution and/or any other resource that belong to any indigenous community, the **SECOND PARTY** has the responsibility of securing the indigenous community's free prior informed consent and subject itself to the provisions and requirements relative to researchers and research outcomes provided in *RA 8371* (***An Act to Recognize, Protect and Promote the Rights of Indigenous Cultural Communities/Indigenous People, Creating a National Commission of Indigenous People, Establishing Implementing Mechanisms, Appropriating Funds Therefor, and for Other Purposes)*** and its Implementing Rules and Regulations, to protect and respect the community intellectual property rights of the concerned indigenous community.

For any violation of the provisions of the above law, with no valid cause to justify the same, the **FIRST PARTY** may exercise the option of rescinding the research grant, through written notice given to the SECOND PARTY citing the particular violation found, and the SECOND PARTY may be required to return any and all funds subject of this research project.

V. ETHICAL CONDUCT OF RESEARCH

The **SECOND PARTY** has the responsibility of ensuring that the conduct of the research is in accordance with ethical research standards. The same sanction cited in the next preceding Section shall apply to violations found under this provision of the Contract.

VI. SEPARABILITY CLAUSE

In the event that one or more provisions contained herein shall be held invalid, illegal or unenforceable in any respect and for any reason, the remaining provisions shall remain valid, legal and enforceable.

VII. DISCONTINUANCE OF ASSISTANCE

The **FIRST PARTY** reserves the right to: discontinue the assistance at any time, in case of failure to deliver the expected outcomes of the project by the **SECOND PARTY**; suspend the project and the disbursement of funds for violation of any part of this agreement.

VIII. DOCUMENTS COMPRISING THIS AGREEMENT

All appendices hereto attached are hereby expressly made an integral part of this agreement by reference, excluding inconsistencies with any/all part, terms, and conditions contained in this Memorandum of Agreement.

IX. EFFECTIVITY OF THE AGREEMENT

This Agreement shall take effect upon the release of funds to the concerned HEI for the project implementation and shall be in effect for a period of 12 months from execution hereof, unless further extension

is requested in writing for valid cause by the SECOND PARTY, and written approval is issued by the FIRST PARTY prior to the expiration of the original contract period. After a first extension granted, no further extensions shall be allowed by the FIRST PARTY.

IN WITNESS WHEREOF, the parties hereunto have affixed their respective signatures this _____ day of _____ 2018 at _____, Philippines.

ANNEX C
TERMS OF REFERENCE (TOR)

Extension Project Title : Technology Transfer of Improved Dried Products from Low-Value Fish Species
Principal Implementor/s : Sharon N. Nuñal, Ph.D.
Implementing Institution : University of the Philippines Visayas
Collaborating Institutions : Capiz State University, Aklan State University, University of Antique, Partido State University, Iloilo State College of Fisheries
Period Covered : 12 months

Objectives:
General Objectives

To reduce poverty, promote food security and inclusive growth among fishers through utilization of low-value fish species.

Specific Objectives
1. To conduct technical briefings/trainor's training for PIAFs who will disseminate the outputs of research generated by NUCAFs;

2. To organize fishers' as functional units for fishery business enterprise;

3. To train fishers on good handling practices, basic fish processing activities, and basic business management practices, on Good Manufacturing Practices (GMP), Sanitation Standard Operating Procedures (SSOP) and packaging and labelling.

4. To increase the income of fisherfolk through adoption of long verified UPV fisheries post harvest technologies applicable for low-value fish species.

Scope:

This project includes technical trainings on product quality and safety (GMP and SSOP), packaging and labelling, and enterprise management. Technical assistance during actual production, marketing and distribution of fish products will also be provided to the target beneficiaries.

Methodology:

Phase 1 – Trainor's Training of PIAF Counterparts

Resource persons from the Institute of Fish Processing Technology (IFPT), UPV will conduct trainor's training on at least 2 research staff from each PIAF collaborator. Technical training will include product quality and safety (GMP and SSOP), packaging and labelling and enterprise management which will be conducted at IFPT, UPV.

Phase 2 – Organization and Training of Fishers/Target Beneficiaries

Trained research staff from each PIAF collaborator will coordinate with their corresponding LGUs to organize a fisher's cooperative or existing fisherfolk cooperatives can also be tapped. A resource person from the Cooperative and Development Authority (CDA) will conduct a one-day orientation on the benefits of putting up a cooperative to a group of 60 fisherfolk participants per site. A drying facility, basic equipment for processing, packaging and labelling dried fish products will be deployed to the PIAF collaborator at the identified project site. Selected 20 fisherfolk/fisherfolk wives will undergo a 5-day training per project site on product quality and safety (GMP and SSOP), packaging and labelling and enterprise management. A total of 70 fishermen per project site will be trained on fisheries post harvest handling.

Phase 3 – Adoption of Technology by Fishers/Target Beneficiaries

For initial production, 300 kg/day of raw materials will be used per project site. A total of 13 workers will be hired initially, 10 workers involved in the production and 3 for the management staff. They will follow the standardized procedure found below:

Improved Dried Fish Production

1. Receiving (the raw material must be properly iced upon receiving)
2. Washing (with clean, chilled water)
3. Sorting (according to sizes)
4. Filleting, Skinning and Trimming (depending on the species used)
5. Brining (soaking in 10% brine overnight)
6. Sundrying or solar drying (until Aw is 0.7)
7. Packing and Labelling
8. Storing (ambient condition)
9. Marketing and Distribution

The proponents and PIAF collaborators will monitor the production, marketing and distribution of the products.
