PARTIDO STATE UNIVERSITY
San Jose Campus
Del Carmen, San Jose, Camarines Sur, Philippines

16 December 2021

HON. MARCO P. CHAVEZ, MD.
Municipal Mayor
Local Government Unit of San Jose,
Camarines Sur

Dear **Hon. Mayor**:

Greetings of peace and prosperity!

Partido State University San Jose Campus has an on-going research project with the Local Government Unit of San Jose which were agreed and adopted through memorandum of agreement dated March 11, 2019 under the administration of former Mayor, Hon. Antonio B. Chavez.

Aforesaid undertaking primarily aims to assist LGU in developing its local tourism development plan that is research-based as guided by the Tourism Assessment Process. However, its implementation from the original timeline was not on-time due to delayed release of supplies, and in compliance with last year's public advisories and protocols not to hold gatherings caused by COVID-19 pandemic. With this, a letter dated March 06, 2020 was received by your office requesting for extension. Still, the completion were not materialized since other local tourism stakeholders and key informants were not cooperative, considering matters on social restrictions and personal safety reasons of the respondents. Hence, our gathered data requires further assessment and validation to ensure objective and reliable results before proceeding to recommendation and/or formulation of the local tourism development plan.

Relative to this, our institution through the undersigned project leader, humbly request for another extension of the project until **March 31, 2022**. Rest assured that project deliverables stated in the MOA will be carried out and submitted to your good municipality for consideration and approprate action.

On the other hand, we would like also to inform your good office that we have already completed the Phase I – Destination Review of the project, and some of the components under Phase II composed of tourism assessments.

Attached herewith is the copy of the MOA and approved project proposal for your reference.

Thank you so much and we are looking forward for your consideration and usual support.

Sincerely yours,

NIÑO R. REBUYA, MSTM
Program Director, BSTM/ Project Leader, SJCBPAR
