RAUL G. BRADECINA, Ph.D.
SUC President III

Attention: MS. CHONA MASALUNGA
Human Resources Management Office

Dear **President Bradecina**,

Greetings!

The undersigned is the Partido State University's Project Coordinator for the Commission On Higher Education Philippine-California Advanced Research Institutes (CHED-PCARI)-funded collaborative research project under the "Leading the Advancement of Knowledge in Agriculture and Sciences (LAKAS) Program" ("LAKAS Program"), entitled, **Phytochemical characterization of macroalgae for food and high value products (PhycoPRO)**, led by Dr. Michael Y. Roleda, Dr. William H. Gerwick, Dr. Irene B. Rodriquez, and Dr. Lena S. Gerwick of the Marine Science Institute, University of the Philippines Diliman.

As proposed and approved, there is a need to hire two (2) University Research Assistants (URA 1 – SG 12) with a monthly salary of ₱33,130.00 (annual salary of ₱397, 560.00) for two years (Please see the attached PhycoPRO notarized Research Funding Agreement).

After receiving several applications and interviews, I have been able to select and thereby recommend hiring one of the two needed URAs.

I would like to recommend the hiring of MR. ELJENMER L. SINDO as the first URA 1 to be hired from July 1, 2022 until June 30, 2024. Herewith are the pertinent documents relative to his application.

The main responsibilities of the URA shall include:

- seaweed collection and identification based on molecular-assisted taxonomy,
- characterization of environmental conditions where seaweeds thrive,
- data analysis, and
- manuscript publication

He is also expected to perform the following:

- Assist in the documentation and photo-documentation of samples;
- Assist the proponent in preparing the component technical and financial reports;
- Participate in all meetings called by the proponent;
- Participate in the orientation/training of the research assistants on selected survey methods and sampling techniques;
- Assist in obtaining the required collection and research permits;
- Assist in determining the exact sites to be surveyed prior to field investigation and specific; location coordinates, access routes and directions to the should be well understood before entering the field;
- Assist in contacting all appropriate authorities prior to the commencement of survey activities;
- Assist in ensuring that all field equipment needed to complete the survey are assembled;
- Secure and keepsafe the collected data;
- Assist in preparing the final research project report;
- Assist in the drafting and finalization of the research paper manuscript and publication;
- Display good work ethics and resourcefulness;
- Conform with the administrative and procedures of the office;
- Display positive leadership;
- Perform other related functions;

Thank you very much in anticipation for your approval.

Sincerely,

MICHAEL A. CLORES, PhD

With great pleasure, I am respectfully sending my cover letter and CV with references as submissions of requirements for the University Research Associate position you are hiring.

I am also sending my certified true copy of my grades and undergraduate thesis manuscript for your reference.

If you have questions and clarifications, I would be very much willing to answer them.

Acknowledge receipt of this email.

Thank you for your consideration.

August 9, 2022

Dear Dr. Michael A. Clores, Ph.D.

With great pleasure, I submit this letter to signify my intent and interest in the University Research Associate position you are hiring. I am a fresh graduate with a Bachelor of Science in Fisheries degree from the College of Fisheries and Ocean Sciences of the UP Visayas.

My experiences align with the duties and responsibilities of the position. I have experience with molecular biology techniques, especially on qRT-PCR, its conventional counterpart, spectrometry, gel electrophoresis, and other processes relevant to molecular biology. My research topic in my undergraduate thesis revolves around immune-related genes (HSPs), hatchery management, and molecular biology in vannamei shrimps. I have also attended webinars, training, and conferences related to fisheries and molecular biology. Access to the study mentioned is also attached to the email. Proof of participation in the webinars, training, and conferences can be provided upon your humble request.

The most important aspect of being a Research Assistant is being organized, diligent, willing to learn and taking the initiative in the duties and responsibilities. My strengths include creative thinking, leading, managing, and strong communication with a wide range of audiences, a zealous attitude, and an empathetic nature. I also have strong problem-solving skills and high-level, long-term planning. I believe these strengths and abilities suit the position you are looking to fill.

The line of duty and responsibility of the position may differ from my previous experiences; I enjoy, nonetheless, the challenges of a new working environment, new people, and new opportunities to make when working in your humble office. I hope to bring all my positives to this role, constantly learn, and improve myself to become a more cherished Research Assistant.

If I can provide any further information, please get in touch with me at 09165843112 or email me at elsindo@alum.up.edu.ph

Thank you for your consideration.

Sincerely,

Eljenmer L. Sindo
