Subject: Endorsement of Project Staff for "Impact Assessment of the Project on the Development of Sustainable Breeder Philippine Mallard Duck (PMD) Production System"

Dear Dr. Brown,

I hope this letter finds you in good health and high spirits. I am writing to enthusiastically endorse the individuals who are to be designated as Project Staff for the forthcoming project titled "Impact Assessment of the Project on the Development of Sustainable Breeder Philippine Mallard Duck (PMD) Production System." This collaborative endeavor, conducted in partnership with the University of Southeastern Philippines, holds great promise for advancing sustainable agriculture and rural development in our region.

The team of designated Project Staff for this initiative includes:

- Dr. Nerisa N. Paladan
- Francis Ignatius L. Nieva
- Michael P. Vale
- Menchie Del Castillo-Crispino

Their collective expertise, commitment, and dedication make them highly suited to contribute to the successful execution of this project. Through their collaborative efforts, we aim to comprehensively assess the impact of the sustainable breeder Philippine Mallard Duck (PMD) production system on various dimensions of our local agricultural landscape.

In my capacity as the University President of Partido State University, I extend my full endorsement of these individuals as Project Staff members for the abovementioned project. I am confident that their involvement will greatly enhance the quality of research and significantly contribute to the project's achievement of its intended outcomes.

Thank you for considering my endorsement of these outstanding individuals. We eagerly anticipate the positive outcomes and transformative impact that this project will bring to our region's agricultural sector and overall sustainable development.

Warm regards,

Raul G. Bradecina, PhD
