MESSAGE

Graduate education is a cornerstone of our commitment at Partido State University. Since 2023, with the implementation of our Board of Regents-approved Strategic Plan, our university has embarked upon transformative changes aimed at strengthening our academic foundations and ensuring that our graduate offerings continue to meet the evolving needs of our students and society.

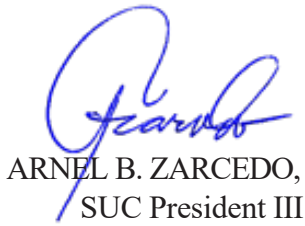

Under our strategic thrust of Sustaining Student Excellence, we have taken bold steps towards diversifying our graduate program offerings. Aligning graduate programs with relevant colleges such as the College of Education, the College of Business and Management, and the College of Arts and Humanities has allowed us to leverage verticalized faculty expertise, greatly enhancing our capacity to deliver quality and specialized graduate education.

This thoughtful integration enables a richer, more focused, and comprehensive educational experience, strengthening the pathway toward excellence in graduate studies. By placing graduate programs within their respective academic colleges, we ensure greater alignment between undergraduate and graduate curricula, fostering seamless progression and a coherent, responsive academic ecosystem. Looking ahead, our vision remains ambitious and inspiring. As our existing graduate programs become more diversified and robust, and as new specialized graduate programs are introduced and grow, we aim to establish dedicated graduate schools. Each future graduate school will adopt an applied, industry-responsive orientation. This strategic approach will position our university as a reliable source of holistic knowledge, producing advanced professionals who are highly responsive to the dynamic needs of our local, national, and global communities.

These envisioned graduate schools will have distinct specializations, serving as focal points for research, innovation, and knowledge creation. They will evolve into vital knowledge hubs, forming a network of expertise from multi-dimensional perspectives and becoming invaluable references for policy formulation, program implementation, and community development.

As we move forward on this exciting journey, let us remain dedicated to fostering a culture of excellence, innovation, and meaningful engagement. Together, let us strengthen our graduate programs that produce globally-competitive graduates ready to make an impact in the wider world, driving progress and positive change in every community they serve.

PSU, where quality education comes first!

ARNEL B. ZARCEDO, EDEL
SUC President III

Message from the Vice President for Academic Affairs
Partido State University

Greetings!

We proudly present the Graduate Program Manual of Operations (GPMO), a significant milestone in Partido State University's academic journey and a testament to our unwavering commitment to excellence, innovation, and inclusive development.

This manual of Operations is developed in accordance with CHED Memorandum Order No. 15, Series of 2019, which outlines the Policies, Standards, and Guidelines for Graduate Programs. As mandated, the GPMO serves as a comprehensive framework for rationalizing graduate program offerings in terms of curriculum, research and creative work, supervision, and resource optimization. It also includes essential institutional policies on plagiarism, anti-sexual harassment, and research and teaching assistantship programs, among others.

The expansion of graduate programs at Partido State University across its colleges reflects a strategic vision to become a leading institution for sustainable development in the Philippine countryside. At its core is a commitment to building knowledge in environmental management, climate resilience, and bio-resource science, fields vital to shaping resilient communities and securing our shared future.

As Vice President for Academic Affairs, I reaffirm our resolve to continually enhance the quality, relevance, and responsiveness of our graduate offerings, ensuring they remain aligned with the evolving needs of our communities and the global landscape.

This manual is more than a procedural guide; it is a reflection of our shared vision: to lead with integrity, innovate with purpose, and serve with compassion. May it inspire scholarship that uplifts lives and contributes meaningfully to a more sustainable and equitable world.

Michael A. Clores, PhD
Vice President for Academic Affairs
Partido State University

PSU HISTORY

In June 1941, amid the threats of war, Partido High School opened its first classes after meeting the requirements of securing a site, enrolment of at least 200 students, and a building that could accommodate the classes. The school, located in a riceland on the boundary of Goa-San Jose, and with a small population of 200 students in four sections, became a branch of Camarines Sur National High School in Naga City. Students came from different towns and diverse social classes in Partido.

The Pacific War temporarily halted the momentum and Partido High School reopened in 1945. The pioneer students were accelerated to the second year, a few months after classes resumed. Before the end of the school year, they were again accelerated to the third year, they were called the "super students" for having been accelerated twice in a school year. Finally, the first batch of 120 students graduated in 1947.

In 1948, the school moved to its new site, a 10-hectare-land donated by the civic-spirited citizens of Goa (The issue of a permanent school site cropped up and was settled when representatives from the Bureau of Public Schools came and recommended a transfer.) The first buildings were constructed through the pork barrel funds of then Congress- man Sebastian Moll and from Parent-Teacher Association (PTA) funds. In the latter part of 1970, the PTA and Municipal Council of Goa sought Congressman Felix Fuentebella's assistance to file a bill in Congress for the conversion of Partido High School to Partido National High School. Unfortunately, martial law was declared in 1972.It was only in 1974 that Partido National High School became operational. It was at this time that the school entered its "Golden Era" when it dominated almost all academic, athletic, and cultural competitions. It garnered awards in both regional and national secondary press conferences.

In 1974, the Municipal Council of San Jose established the Salogon Barangay High School pursuant to Batas Pambansa Blg. 406 approved on June 10, 1983, sponsored by then-Assemblyman Arnulfo "Noli" Fuentebella with its new status as a national vocational school. It was converted into San Jose Fisheries School which was a concept of civic-oriented citizens of the "Rangas Sector" including Barangay Tagas which is by then overflowing with bangus fry.

In 1977, another barangay high school was born in the town of San Jose, Camarines Sur. Situated in Barangay Del Carmen and San Juan, San Jose Camarines Sur. In 1987, this Barangay High School acquired its status as San Jose Nationalized High School when the new government gave budgetary priority to education as a consequence of the newly ratified 1987 Philippine Constitution.

Pursuant to Republic Act No. 7828, authored by Congressman Arnulfo P. Fuentebella, the Caramoan Vocational-Technical School (CVTS) was created on December 2, 1994. Now, ship of the late Manuel de la Torre. Dr. Vicente Lleno became its first Administrator.

On March 29, 1995, Republic Act No. 7958 was signed into law and created Tinambac Polytechnic Institute (TPI) now the PSU-Tinambac.

On March 30, 1995, by virtue of Republic Act No. 7972, San Jose Na-Nationalized High School was converted to San Jose Polytechnic Institute (SJPI), now the Partido State University-San Jose Campus. In response to the request to transfer Goa High School to Barangay Nato, Sagñay, Camarines Sur, the Governor Mariano Fuentebella Memorial Fisheries School was converted to Governor Mariano Fuentebella College of Fisheries (GMFMCF) now the Partido State University-Sagñay Campus on March 14, 1998, pursuant to Republic Act No. 8594.On November 27, 1997, Republic Act No.8417, created the Lagonoy Fishery School (LFS), now the Partido State University-Lagonoy Campus,The development of Partido National High School was continued by Congressman Arnulfo P. Fuentebella in 1986.

Partido National High School was converted into Partido State College by virtue of Presidential Decree No. 2011.The journey towards the creation of PSU continued. There was an attempt for its integration with a school in the Rinconada area. The different stakeholders in the province of Camarines Sur clamored for the conversion of Partido State College, together with the six other schools/colleges in the district, into a state university.

Speaker Arnulfo P. Fuentebella and Sen. Teresa Aquino-Oreta authored Republic Act No.9029andsignedintolawbyPresident Gloria Macapagal-ArroyoonMarch5,2001.

Brief History of Graduate Programs at PSU

On March 19, 1998, the first Graduate Program (Master of Arts in Education) was approved through Board Resolution No. 17, s. 1998. The Program has the following specializations: English, Mathematics, and Science Education. The program was under the supervision of the Dean of the College of Education together with the High School Department, BSED, BEED, and SPED Programs.

To answer the needs of the community, the Master in Public Affairs (MPAF) program specialized in Local Governance was offered through Board Resolution No. 26, s.2000.

On June 5, 2009, the MPAF Option B (non-thesis) Program was proposed through BOR Resolution No.28 s.2009. It was adopted in 2011 through BOR No. 40, s. 2011. Subsequently, through BOR Resolution No. 21, s. 2012, the program was revised to Master in Public Affairs specializing in Local Governance and Development Option A (Thesis Program). As an institution of higher learning, and to live up to its mission, the programs Doctor of Philosophy major in English Language Education and Mathematics Education were proposed and finally approved by the Board of Regents through its Board Resolution No. 08, s. 2007. In 2009, the BOR approved its conversion to the School of Graduate Studies and Research, a separate academic unit headed by a Dean. It offered additional graduate programs, which are Doctor of Philosophy, specialized in English Language Education and Mathematics Education; Master of Arts in Education (MAED) specialized in English, Mathematics, Science, and Instructional Management; and Master in Business Administration (MBA).

The Partido State University is the only public HEI in the Bicol region offering a Doctor of Philosophy specialized in English Language Education and Mathematics Education. In 2024, the programs of the School of Graduate Studies and Research were distributed and verticalized into three respective academic units by virtue of BOR Resolution No. 71., s. 2023. This is part of the implementation of the Strategic Plan (2023-2028) of the University.

The Doctor of Philosophy (PhD) and Master of Arts in Education (MAED) were aligned in the College of Education (CED), the Master in Public Administration (MPA) in the College of Arts and Humanities (CAH), and the Master in Business Administration (MBA) in the College of Business and Management (CBM). Each graduate program is headed by the respective dean with the help of a Department Chair/Graduate Program Coordinator.

The landscape and perspectives in offering graduate programs have dramatically changed in the past decades. These changes demand new and enhanced competencies among graduate students. The MPAF curriculum was revised based on CMO No. 15, s. 2019 with the change of nomenclature from Master in Public Affairs to Master in Public Administration. This was approved through BOR Resolution 55, s. 2024 on June 31, 2024. In addition to the existing graduate programs, new graduate programs will be offered in various Colleges of the University aligned with the strategic plan.

Vision

A university of science and technology advancing geology and bio-resource science to promote sustainable and resilient communities.

Mission

To provide high high-quality global educational experience to educate individual in leadership, innovation, critical thinking, cultural appreciation, and civic responsibility so that graduates are competent, informed, and environmentally and culturally proactive and productive citizens.

CoreValues

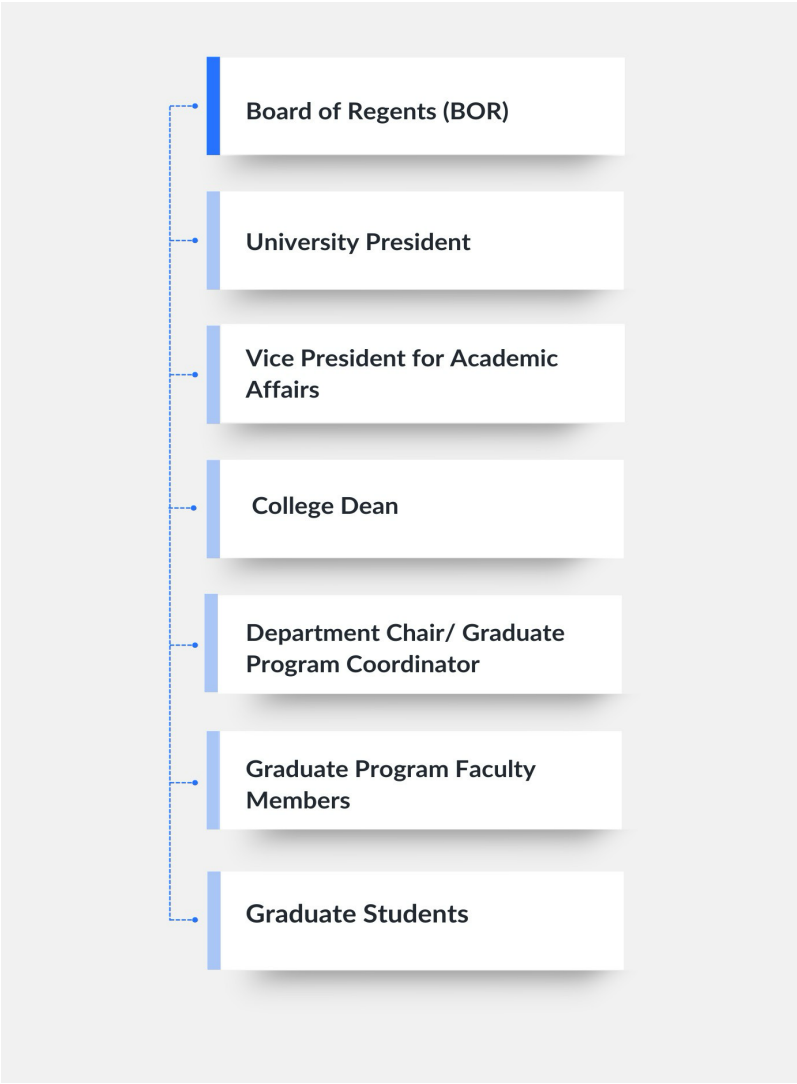

P – Passion for Excellence
S – Service
U – Unity and Inclusiveness

ISO 9001:2015 Quality Policy

The Partido State University commits to provide quality instruction, responsive research and need-based extension services for global competitiveness and satisfaction of its clients, stakeholders, regulatory bodies and other service providers through continual improvement of the quality management system.

CHAPTER II

Organizational Structure of the Graduate Programs

Duties and Functions

The Dean

1. Exercise general supervision and control of all the activities and projects undertaken by the graduate programs within the policies formulated by the University's Board of regents as well as laws enacted by the Republic and rules and regulations by DBM, COA, CHED, CSC, and other authorities.

2. Undertake advances and higher education services in accordance with the University's thrusts for quality and excellence; relevance and responsiveness; and efficiency and effectiveness in such manners that can boost indicators for the graduate programs.

3. Plan and implement research and development services, extension services, and/or programs specific to the graduate programs that are attuned to the institution's pursuit of knowledge generation and development with the end in view of raising quantifiers in such indicators as the number of research outputs published, copyrights registered, and the like.

4. Impose order and discipline among the faculty, staff, and students in the graduate programs with emphasis on the regularity and punctuality of attendance.

5. Initiate the development, upgrading, and enrichment of the graduate program curriculum that is responsive to the needs of the community in accordance with the university development plan.

6. Ensure the attainment of the targets of the graduate programs for operational plan, physical targets, normative financing, SUC leveling, and quality objectives.

7. Monitor the accomplishments of the graduate programs vis-à-vis the targets and verify the effectiveness of the implementation of corrective and preventive actions for the unmet targets.

8. Establish and maintain linkages with GOs and NGOs providing training to the constituents of the service area and assisting the LGUs in development planning.

The Department Chair (DC) or Graduate Program Coordinator (GPC)

1. Assist the Dean in the supervision and control of all the activities and projects undertaken by the graduate program/s within the policies formulated by the University's Board of Regent as well as laws enacted by the Republic and rules and regulations by DBM, COA, CHED, CSC, and other authorities.

2. Plan and implement relevant programs for staff development, curriculum enrichment, and instructional materials development.

3. Ensure that all vital services in the graduate programs are attended to.

4. Prepare graduate faculty workload as scheduled.

5. Evaluate graduate students' records and ensure that the requirements of the program of study or course are strictly observed.

6. Administer the Performance Evaluation and Quality Contribution Evaluation (QCE) of the faculty in the graduate programs.

7. Conduct seminars, trainings and similar undertakings for graduate faculty and student development in coordination with the concerned officials.

8. Assist the College Dean in monitoring the accomplishments of the graduate programs vis-à-vis the targets and verify the effectiveness of the implementation of corrective and preventive actions for the unmet targets.

The Faculty Members

1. Facilitate the acquisition of knowledge and skills to develop the analytical and creative faculties of students, which include among others instruction, student consultation, academic advising, and all other initiatives.

2. Continuously explore areas of inquiry through active engagement in research and extension.

3. Publish scholarly work (research or creative work) in reputable academic publishing companies.

4. Present research papers in local and international fora/ conferences related to the graduate programs.

5. Ensure contribution to the college and the department towards the attainment of the targets for the operational physical targets, normative financing, SUC leveling, and quality objectives.

The Graduate Students

1. Develop their utmost potential to become effective leaders in the community they serve.

2. Participate in research and extension activities organized by the college.

3. Abide by the policies and guidelines in the Graduate Programs.

CHAPTER III

GRADUATE PROGRAMS

The Graduate Programs

As of A.Y. 2024-2025, there are three master's programs and one doctoral program being offered at Partido State University. These programs are housed in three Colleges in the University. More graduate programs will be offered in various colleges and campuses of the University in the coming years to ensure all are, as of discipline and expertise are accessible to the stakeholders.

Colleges	Master's Program	Doctoral Program
College of Business and Management (CBM)	Master in Business Administration (MBA) with specialization in Sustainable Social Entrepreneurship (BOR Res.21, s. 2010; BOR Res. No. 39, s. 2025)	
College of Arts and Humanities (CAH)	Master in Public Administration (MPA) BOR Res. No.55, s. 2024	
College of Education (CED)	Master of Arts in Education (MAED) with specialization in English, Mathematics, Science, and Instructional Management (BOR Res. No. 98-17; BOR Res. No. 08, s. 2001; BOR Res. No. 42, s. 2004)	Doctor of Philosophy (PhD) with specialization in English Language Education (ELE) and Mathematics Education (ME)

Master in Business Administration (MBA)

BOR Res. No. 21, s. 2010; BOR Res. No. 39, s. 2025
Government Recognition (GR) No. 030, s. 2010

Program/College Goal

Produce globally competitive, innovative, critical thinkers and value-driven business professionals and entrepreneurs who embody ethical and rational leadership, possess well-rounded skills, and employ sustainable practices to address challenges and seize opportunities in fostering inclusive development.

Program Objectives

In line with the University's mission of providing advanced instruction and training and enhancing quality, efficiency, and effectiveness in higher education, the MBA program aims to:

1. Equip business leaders, professionals, and entrepreneurs with advanced managerial tools and techniques necessary for achieving goals in their respective organizations.

2. Create opportunities for the exchange of research-based innovative ideas, experiences, and best practices that build businesses' capacity to drive economic sustainability and resiliency, especially in local, marginalized communities.

3. Engage in intellectual discourses regarding current issues and developments in the national and global business/economy aided by relevant theories and models.

4. Demonstrate commitment to ethics, integrity, patriotism, social and civic responsibility among business leaders, professionals, entrepreneurs, and other stakeholders.

5. Instill the capacity to develop research-based innovation in response to social, environmental and economic challenges as well as opportunities.

6. Inculcate a sense of global pursuit and opportunities while upholding their commitment to contribute to the development and sustainability of their respective community.

Curricular Framework

Courses in the MBA Program are distributed according to the following:

Major Courses –	12 units
Foundation Courses –	9 units
Cognate Course –	9 units
Thesis Courses –	6 units
Preparatory Course	(9) units
Total:	42 units

Master in Public Administration (MPA)- Academic Track

BOR Res. No. 55, s. 2024

The Master in Public Administration (MPA) is a graduate program designed to develop students with knowledge of leadership and governance skills as public servants, and those employed in non-profit organizations, and the private sector. This three-year program equips graduate students with knowledge of theories, administrative, and management concepts to help address challenges in public and non-profit organizations. This also provides the students with strong research experience in public administration, policy formulation, budgeting and financial management, and human resource development, public and non-profit organizations. This also provides the students with strong research experience in public administration, policy formulation, budgeting and financial management, and hu- man resource development.

Program/College Goal

Provide a dynamic and nurturing teaching-learning environment in the fields of Linguistics and Literature, Archeology, History and Culture, Human Kinetics, and Public Administration to produce quality and competitive graduates for the industry and community.

Program Objectives

1. Enhance the graduate and undergraduate curricular programs for quality instruction towards academic excellence;

2. Nurture the student's interest in the conduct of the innovative and responsive research in our fields of specialization to contribute to the body of Knowledge and address existing problems;

3. Develop the student's leadership and management skills to effectively engage in the community for high-impact extension services; and

4. Establish strong partnerships with local and international organizations to create a strong presence and significantly contribute in developing national and international communities.

Curricular Framework

Courses in the MPA program are distributed according to the following:

Bridging –	(3) units
Foundation Courses –	9 units
Major Courses –	15 units
Cognate –	6 units
Thesis –	6 units
Total:	36 units

Master of Arts in Education (MAED)- Academic Track

BOR Res. No. 42, s. 2004; BOR Res. No. 98-17; BOR Res. No. 08, s. 2001
COPC No. 035, s. 2022

The MAED program is a graduate program geared basically for the academic and professional advancement of teachers, administrators and other school personnel.

Program Goal

The MAED program generally aims to provide advanced instruction and training to educational leaders specifically in the areas of English, Mathematics Education, Science Education, and Instructional Management.

Program Objectives

Specifically, the MAED program seeks to:

1. Update and upgrade teachers' content knowledge in specific subject areas;
2. Produce honest, competent, updated, and committed teachers;
3. Develop teachers' capabilities for replicating, validating, contextualizing, and supplying theoretical and practical Knowledge on the different aspects of the educational process;
4. Establish strong linkage with other HEIs, LGUS and local and international agencies; and
5. Be an active partner of other HEIs, government units, and the community through research and extension services

Areas of Specialization:

1. English
2. Mathematics Education
3. Science Education
4. Instructional Management

Curricular Framework

Courses in the MAED program are distributed according to the following:

Specialization Courses –	15 units
Foundation Courses –	9 units
Cognate Courses –	3 units
Thesis –	6 units
Total:	33 units

Doctor of Philosophy (PhD)- Academic Track

BOR Res. No. 08, s.2007 COPC No. 36, s. 2022

The PhD program is a research degree conferred in recognition of a candidate's command of a broad field of academic and research knowledge and of his ability to pursue an investigation of an original problem in education.

Program Goal

In general, the PhD program aims to provide a continuing education to teachers and administrators to enhance their academic and research knowledge in the field of education.

Program Objectives

Specifically, the PhD program seeks to:

1. Develop among students the ability to make an informed judgment on complex educational issues and approach problems in innovative ways; and

2. Enhance skills in policy formulation, administration, supervision and execution of English and Mathematics programs for the improvement of the teaching and learning process.

Area of Specialization

1. English Language Education (ELE)
2. Mathematics Education (ME)

Curricular Framework

Courses in the PhD Program are distributed according to the following:

Specialization Courses –	18 units
Foundation Courses –	6 units
Cognate Courses –	6 units
Research Courses –	6 units
Dissertation –	12 units
Total:	48 units

CHAPTER IV

ACADEMIC AND ADMISSION REQUIREMENTS

Academic Requirements for Admission

Partido State University will make sure that all its graduate programs are of the highest quality. This means that students will be expected to do their best work, be honest, and have the freedom to learn and explore ideas.

With this, academic qualifications shall be the primary basis for the admission of students into the graduate programs.

Admission into a Master's program shall require the following:

Master's Program	Academic Requirement
MBA	Bachelor's Degree in Business or its equivalent from any CHED-Recognized institution
MPA	Bachelor's Degree in Public Administration/Public Affairs or any Social Sciences Courses from a CHED-Recognized institution.
MAED	Bachelor's Degree in Education in the discipline, i.e. English, Math, Science, or its equivalent from any CHED-Recognized institution; any Bachelor's degree with 18 units of Education courses or Teacher Certificate Program (TCP) before June 2009 or 30 units of Education courses or a TCP after June 2009.

Meanwhile, an applicant seeking admission to the MPA Program who has no previous background in public affairs/administration and whose bachelor's degree is not related to public affairs/administration, or any social sciences courses namely: Sociology, Economics, History, Politics, Psychology, Anthropology, Geography, and Law are required to take a 3-unit bridging course in Bachelor of Science in Office Administration under the College of Business and Management (CBM) for the 1st Semester of the Academic Year. The same can take the bridging course and foundation courses simultaneously.

The Bridging course from the BSOA curriculum is CBME (SM) Strategic Management. Once the Bachelor of Public Administration is approved and offered, the Bridging course will be the 3-unit course, Introduction to Public Administration.

Additionally, applicants in both Master's and Doctoral programs shall possess intellectual capacity and aptitude for advanced studies and research.

Meanwhile, for admission into the PhD program, applicants must satisfy the following minimum requirements:

1. Master's degree in Education specialized in English (for PhD ELE) or Mathematics (for PhD ME);
2. Master's degree in Teaching English or Mathematics;
3. Master's degree in English or Mathematics; OR
4. Any master's degree (non-education degree) plus eighteen units of the preferred major.

The following bridging courses shall be taken by applicants who are graduates of Non-Education Master's Degree, and Non-Thesis Master's Degree:

Non-Education Master's Degree - all units of specialization courses at the Master's Level.

Non-Thesis (Professional Track) Master's Degree - 6 units of research courses equivalent to a thesis from the Master's Level.

Note: Bridging courses may be taken during the midyear term in order to cope with the program of study.

In addition to the requirements stated above, applicants for admission into the PhD program should have a GWA of at least 90.00 or its equivalent 1.7 or better in their Master's Degree with no failing grade.

Admission Requirements

The student-applicant submits the hard copies of the admission credentials to the DC/GPC. For evaluation purposes, student-applicant may submit electronic copies of the requirements through the college graduate program's official institutional email address. The College will notify the applicant via email regarding the status of their application.

For returnee student(s) the DC/GCP checks whether the student exceeds the maximum residency rule (MRR): for masters, 5 years; for doctoral, 7 years; For transferees, the DC/GCP evaluates the scholastics records of the student-applicant and determines credited courses based on the policies stipulated in the Graduate Program Manual of Operations (GPMO). Upon the completeness of the submission original copies of the admission requirements, the DC/GPC submits these documents to the Registrar's Office.

The College's DC/GPC officially informs the applicant about the admission results through email.

Documentary and Other Requirements for Admission

A graduate student may be admitted to the programs applied for upon submission to their respective College Dean/ Department Chair or Graduate Program Coordinator, the following in duplicates:

1. Duly accomplished admission application form;
2. Transcript of Records (TOR of Master's degree for PhD applicants; TOR of Bachelor's degree for Master's applicants);
3. Certificate of transfer credential (for transferees);
4. Recent 1x1 ID picture (white background, professional attire);
5. PSA-issued Birth Certificate;
6. PSA-issued Marriage Certificate (for married applicants);
7. Two (2) letters of recommendation from former professors and /or current employer/ immediate supervisor using the prescribed format; and
8. Concept Note in line with the program applied for using the prescribed format.

Criteria	Weight
Concept Note	25%
Referral from former professors and/or employer or immediate supervisor	25%
GWA	50%
	100%

If an applicant got 80-84%, he/she may be admitted under provision- al status. This means that he/she shall not be allowed to enroll the maximum number of units (i.e. 9 units) during the first semester. Such status may be elevated to regular status when the student achieved a GWA of 90.00 equivalent to 1.75 or better. Failure to do so shall result in dropping the student from the roll of graduate program students.

Enrollment Procedure

New entrants may enroll in 3-9 units per semester as specified in the course program via SIAS and pay required fees at the Cashier's Office to be officially enrolled. For old students, submission of online clearance via the Online Student Clearance System (OSCS) is required before enrolling in 3-9 units per semester, followed by payment of fees at the Cashier's Office to be officially enrolled. Upon payment of the required fees, the system automatically validates the student's registration.

The enrollment process serves as the formal entry point for graduate students into their chosen programs. Successful enrollment grants Bonafide student status, enabling access to faculty expertise, designated coursework, and the resources available to graduate students at the University.

New graduate students shall follow the enrollment procedure below:

Step 1
Dean's/Department Chair's Office

- Submit enrollment credentials with duty accomplished Application for Admission
- Claim evaluation and subject loading
- Register to SIAS for enrollment purposes following the REGISTRATION PROCEDURE

Step 2
Cashiering Office

- Pay required fees
- Claim Official Receipt
- Wait for the subject to be validated

Step 3
Registrar's Office

- Present Official Receipt
- Claim the copy of EAF with marked "Officially Enrolled" as scheduled

Step 4
Student of Student Affairs and Services

- Apply and claim for ID

Step 5
Registrar's Office

- Present EAF, OR, and ID for validation
- Claim the validated ID

Meanwhile, returning (old) graduate students shall follow the enrollment procedure below:

Step 1
Registrar's Office
- Seek approval of clearance from the concerned offices through Online Student Clearance System (OSCS)

Step 2
Dean's/Department Chair's Office
- Claim evaluation and subject loading
- Register to SIAS for enrolment purposes following the ONLINE REGISTRATION PROCEDURES

Step 3
Cashiering Office
- Pay required fees
- Claim Official Receipt
- Wait for the subject to be validated

Step 4
Registrar's Office
- Wait for the enlisted subjects to be validated
- Check from the SIAS account marked "Officially Enrolled"
- Claim the copy of EAF with marked "Officially Enrolled" as scheduled

Step 5
Cashiering Office
- Pay required fees for validation of ID
- Claim Official Receipt (OR)

Step 6
Registrar's Office
- Present EAF, OR, and ID for validation as scheduled
- Claim the validated ID

CHAPTER V

ACADEMIC REGULATIONS

The Academic Year

The academic year is divided into two semesters of at least eighteen (18) weeks each and a summer session of six (6) weeks for a minimum total of fifty-four (54) hours of instruction per subject per term.

Academic Load

The regular academic load for graduate students varies. A graduate student may carry a maximum of 9 and a minimum of 3 units every semester. Students are advised to follow the semestral units prescribed in the Course Program. Students with deficiencies shall be required by the Dean to take fewer units for the semester.

Medium of Instruction (MOI)

Generally, English is the medium of instruction in graduate programs. However, in cases where needed, thoughtful use of Filipino or Bikol may be used as auxiliary languages

Mode of Delivery of Instruction

The University implements a flexible learning setup with 50% online and 50% onsite classes.

Advanced or Transfer Credit

A student whose application for admission has already been approved may apply for advanced credits or transfer credits for work done in another institution upon

a. Presentation of credentials showing that the student passed the course/s from another institution that is fully equivalent in the graduate program for which credit is sought based on the descriptive title and/or description;

b. Grades earned must be 1.5 or better in order to be considered; and

c. Not more than fifty (50) percent of the academic requirements of advanced credit or transfer credit may be granted to a student for courses earned towards the graduate degree, unless courses earned are in another institution of higher learning with prior approval of the Dean.

Application for advanced credit earned should be submitted to the Department Chair/ Graduate Program Coordinator during the first semester of residence.

Residence Requirement and Time Limit

A student must be officially enrolled in the University for at least one (1) academic year prior to the conferment of the student's degree.

The Maximum Residency Rule (MRR) for master's program is five (5) years and for doctorate is seven (7) years. Approved Leave of Absence (LOA) shall not be included in the computation of MRR. In case the student exceeds the prescribed residency, the student shall be required to take two penalty courses (6 units) preferably foundation courses. After which, they shall be allowed to finish the degree within two years.

Attendance

Students are responsible for the entire content of the course and all assignments missed during their absences.

Attendance is part of the Class Standing. Regular attendance and punctuality in all classes and other University activities are important obligations of all students. Students who incur absences equivalent to 20% or 11 hours of the 54 contact hours shall be dropped from the roll and shall receive a grade of 5 (failed). In such case, the Professor submits a list of unofficially dropped students two weeks after the midterm examination to the Department Chair and to be approved by the Dean.

Students are responsible for the entire content of the course and all assignments missed during their absences.

Students who incur three (3) unexcused absences shall be considered one (1) absence. A student is tardy if he/she arrives thirty (30) minutes after the official start of class.

The following shall be considered excused absences/ tardiness with their corresponding attachments which shall be submitted to their professors:

Reason	Attachment
Medical Reasons	Medical Certificate validated by the University Clinic
Medical Health Reasons	Mental Health Certificate for validation and endorsement by the GAP
Death of an immediate family member	Letter requesting for excused absence signed by a parent or legal guardian or sponsor with copy of valid ID
Special Cases/ Circumstances	Signed letter from sponsor with copy of valid ID or any supporting documents such as DepEd Order, Company Memorandum, etc for evaluation

Leave of Absence (LOA)

Leave of Absence (LOA) refers to an absence from the university. Students on LOA are not enrolled in any course and are not considered bona fide students.

3 types of LOA:

1. Personal LOA – a student who needs a break from studies temporarily because of personal exigencies may request a personal LOA. To request, the student must complete the appropriate form before the beginning of the term for which the leave is requested, explaining the reasons thereof.
2. Medical LOA – a student who needs a temporarily interruption of studies because of illness or injury may be granted a medical LOA.
3. Parental LOA – A student who wishes or needs to interrupt study temporarily for reasons of pregnancy, maternity care, or paternity care may be grant ed a LOA.

Application for LOA must be approved by the Dean upon the recommendation of the Department Chair/ Graduate Program Coordinator.

Specific Policy on LOA:

1. Students who wish to request for LOA must file the request subject to the following conditions:

    a. The student should be in good academic and disciplinary standing at the time when the request is made.
    b. The student shall not be permitted to enroll and study in another educational institution.

2. Request for LOA must be approved within the following deadlines:

    a. five (5) weeks after the start of classes during the regular semester; OR
    b. two (2) weeks before the beginning of classes for personal LOA.

3. Application of LOA is only applicable for students who are still within the residency limit.

4. Submitting a form for LOA is not a substitute for official with drawal from courses. The enrolled student must still process the course withdrawal procedure.

5. A student may apply for LOA for a maximum of one (1) academic year or two (2) semesters only.

6. The counting of the number of years for MRR will resume upon expiration of the LOA. Reinstatement in the program of study starts upon approval of enrollment.

Readmission from LOA

To return after LOA, the student must be readmitted to their respective graduate program. To do this, the student shall request from the Department Chair/ Graduate Program Coordinator for evaluation of their academic status and write a letter for readmission to the Dean attaching the officially approved LOA.

With favorable recommendation of the Department Chair/ Graduate Program Coordinator, the Dean issues the readmission form for the student to bring it to the Office of the Registrar for appropriate actions. Thereafter, the student shall bring to the College the returnee form (Academics Form) for enrollment.

Dropping of Courses

Students shall be allowed to drop courses any time before the scheduled midterm examination. Dropping Form (PSU-F-URO-08) signed by the professor must be secured prior to dropping of the
course/s. dropping form must be submitted to the Office of the Registrar and a corresponding fee must be paid to the Cashier's Office.

Prerequisite Courses

A student, before taking a course, should see to it that prerequisite course/s have already been taken. Failure to do so would invalidate the earned grade of the higher/ advanced course.

Examination

The university ensures student progress and monitors teaching quality through regular assessments; Hence, midterm and final examinations are administered every semester. The following are the specific policy, guidelines, and conditions related to examinations:

1. Major examinations (midterm and final examinations) are administered as scheduled which is reflected in the University calendar.
2. Practical examinations (written/ oral) may be given at the discretion of the course professor in lieu of a written examination, provided it is directly stated in the course syllabus and duly approved by the Dean.
3. Use of all electronic devices and gadgets are not allowed during examinations. Except when allowed by the professor, scientific calculators are likewise prohibited.
4. A student who fails to take the Final examination or submit a major requirement of the course, on account of illness or other valid reasons is given an INC (incomplete) grade.

Grading System

The lowest passing grade is 2.0 (87) in the Master's Programs and 1.75 (90) in the Doctoral Program.

The grade of INCOMPLETE (INC) is given if a student whose class standing throughout the term is passing but fails to take the final examination or comply with other major course requirements due to illness or valid reasons. In case the class standing is not passing and the student fails to take the final examination or comply with other course requirements for any reason, a grade of 5.0 shall be given to the student.

Removal of INC must be done within 1 semester by passing an examination or meeting all the missed requirements. After completion, the student shall be given a final grade based on the student's overall performance in the course.

The student should fill out the form from the Registrar's Office for completion and pay a completion fee at the Cashier's Office.

Components of Grade:

Class Standing (participation, quizzes, attendance)	-	40%
Written outputs/projects	-	30%
Midterm/Final Exam	-	30%
Total	-	100%

Computation of Final Grade:

FINAL GRADE = (final term grade x 50%) + (midterm grade x 50%)

Equivalent Grade

99 = 1.0	94= 1.4	89= 1.8	84= 2.25	79= 2.7
98 = 1.1	93= 1.5	88= 1.9	83= 2.3	78= 2.75
97 = 1.2	92= 1.6	87= 2.0	82= 2.4	77= 2.8
96 = 1.25	91= 1.7	86= 2.1	81= 2.5	76= 2.9
95 = 1.3	90= 1.75	85= 2.2	80= 2.6	75= 3.0

The passing grade for the Doctorate level is 90 or 1.75, while the passing grade for Master's level is 87 or 2.0. Below the passing grade for both levels means failed or F.

Request for Change of Grades (Rectification)

A request for a change of grade may be applied to students who wish to change their grade for a particular course, on the basis of apparent miscalculation of the final grade or typographical error in the transfer of grade to the official grade sheet by the professor and reflected in the SIAS account.

A request for change may also be faculty-initiated if the faculty inadvertently makes a mistake in the calculation or recording of a student's grade.

The following policies shall guide the process:

1. Requests for change of grade shall be made within the semester after the scheduled posting of grades in SIAS.
2. Requests should be substantiated with syllabus, examination paper, reports, assignments, and/or projects.
3. Having perfect attendance is not in itself a valid reason for a change of grade.
4. Form No. PSU-F-URO-51 which is available at the Office of the Registrar shall be used to process the rectification.

Change of Field of Concentration

A student who desires to change field of concentration should write a letter to the College Dean. The Dean, based on the recommendation of the Department Chair/ Graduate Program Coordinator, approves the request.

Comprehensive Examination

The Comprehensive Examination (CE) serves as a culminating assessment designed to gauge the student's competency within the academic field. It facilitates a comprehensive review and integration of knowledge acquired throughout the degree program which fosters reflection on the application of this knowledge to their current or future professional contexts and/or in preparation for thesis/ dissertation writing. Questions are drawn from various courses students have taken with the intention of challenging students to synthesize ideas and explore the potential application of theoretical frameworks to enhance their career trajectory.

The passing grade for the master's level is 2.0 or 87 in each cluster, i.e. Foundation and Core Courses, while 1.75 or 90 for the doctoral level. The raw score shall be transmuted based on the BOR-approved University transmutation table.

If a student received an F, the student shall be given a second chance to take the CE within the semester/ period. Failure to pass the second time shall require the student to take a 3-unit refresher course to be recommended by the Comprehensive Examination Committee and approved by the Dean before being allowed to take another CE.

After passing the CE, students may be granted a certificate of completed academic requirement upon request for the purpose of scholarship re- port or any other legal purpose.

Application for CE must be made at least one (1) month before the scheduled date of examination. CEs are administered once or twice every year and are scheduled based on the Program of Study. A minimal fee shall be collected from each student to take the CE.

CE shall be administered for two (2) days, one day for Foundation courses and another for major courses.

The Comprehensive Examination Committee (CEC), which is composed of at least three (3) core faculty members of the graduate programs per college designated by the Dean, shall:

1. Identify which courses to cluster (courses to be taken as one during the CE; one cluster for the foundation courses and at least two (2) clusters for the core/ specialization courses) with the ultimate goal of testing the students' ability to synthesize
   ideas and explore the potential application of theoretical frameworks;

2. Prepare a table of specification (TOS) for each program for scheduled CE;
3. Prepare test questions in accordance with the prepared TOS;

4. Check the comprehensive examinations answered by the students;

5. Submit to the Department Chair/ Graduate Program Coordinator and Dean result of the comprehensive examination not more than two (2) weeks after the conduct of CE; and

6. Recommend to the Dean the refresher course to be taken by students who failed the CE twice.

Publication Requirement

All students in the graduate programs are required to publish a research journal article in any internationally peer-reviewed refereed journal or juried creative works. Such publication may be done within their residency, which may be the students' research outputs in their enrolled courses.

The publication and creative work shall be prepared by the graduate faculty and students, which shall be monitored by the Research and Creative Work (RCW) Office under the Office of Vice President for Research, Extension, and Knowledge Management.

A list from the University Research Office of non-predatory journals shall be used for reference in crediting students' published work.

In cases when students have their adviser/ professor as a co-author, the 70-30 percent contribution is required, where the student has a 70% contribution in the paper, supported by a certification of contribution from the authors.

CHAPTER VI

UNIVERSITY SERVICES FOR GRADUATE STUDENTS

Student Services, Programs, and Facilities

Library Services and Utilization

The library is available to all stakeholders daily except Saturdays from 8:00 AM to 6:00 PM. An open-shelf system is adopted to give students and faculty members' greater access to the library collection and holdings.

Guidance and Counseling Services

The Guidance Center provides services that will help students make an effective adjustment to the school environment through awareness of their strength and weaknesses; undertake steps for their well-rounded development during their stay in this institution.

Dormitory

Dormitory is available for graduate students who wish to stay overnight for a minimal fee, especially those residing from distant places.

Medical and Dental Services

The University Clinic is open from 8:00 AM to 5:00 PM and offers preventive corrective, diagnostic, and treatment services. Dental services are available upon request.

Student Publication

PSU graduate students have one official publication. This will be managed by the officers elected by the Graduate Students at the start of the 1st semester. This will be published once a year preferably on the 2nd semester.

PSU Statistics Center

All students in the graduate programs may visit the Statistics Center for consultation and guidance, especially in terms of their research and academic writing endeavors.

Sports and Athletics

The university promotes programs for physical fitness and wellness of students.

Culture and Arts

The Culture of Arts Office provides opportunities to develop and enhance talents, abilities, and values for the appreciation, promotion, and conservation of national culture and multi-cultural heritage.

CHAPTER VII

FIANCIAL INFORMATION

Tuition Fee:

Doctorate Degree	500.00/ unit
Master's Degree	400.00/ unit

Other Fees:

Miscellaneous Fees	
Library Fee	100.00
Publication Fee	100.00
Audio-Visual Fee	25.00
Medical and Dental Fee	50.00
Registration Fee	50.00
Athletic Fee	65.00
ID Validation	5.00
SCUAA	50.00
Culture and Arts Fee	70.00

CHAPTER VIII

RESEARCH AND DEFENSE REQUIREMENTS

Research and Defense Policies

1. Students may only enroll in Thesis/ Dissertation Writing upon completion of all courses required by the program with passing grade AND passing of the comprehensive examination.

2. The mentor designated by the Department Chair/ Graduate Program Coordinator upon enrolment of the student, shall automatically be the thesis/ dissertation adviser, and approves the research topic/s proposed by the students.

3. The topic shall be taken from the research agenda of the university or college offering the graduate programs and must be aligned with the student's field of specialization.

4. The College Dean approves the proposed topic through the recommendation of the mentor/ adviser.

5. The 1:5 faculty adviser-student ratio prescribed by CMO No. 15, s. 2019 shall strictly be followed.

6. There should be a timeline for the defenses. It shall be done a month or two weeks before the semester ends.

7. The research proposal defense should be managed by Department Chair/ Graduate Program Coordinator.

8. Students must be officially enrolled in Thesis/ Dissertation Writing before they can be allowed to have proposal and final defense.

9. A student enrolled in Thesis/ Dissertation 1 who incurs INC shall comply the INC grade within one (1) semester. Failure of the student to comply within the semester shall automatically result to a grade of 5.0 (Failed).

10. For Thesis/ Dissertation 2, students shall be given an IP or In Progress grade in case they are unable to finish their paper within the semester. They are given a maximum of three (3) semesters for Masters
level and five (5) semesters for Doctoral level to complete their thesis/ dissertation. Students who have not completed the requirements in this course should not be given Incomplete (INC) or be marked Dropped. Instead, he /she should be given a remark of Thesis Writing in Progress. Non-completion within the maximum terms would mean a failing grade.

11. The graduate student intending to have a proposal or final defense should apply to the College offering the graduate program. The defense application should be endorsed by the Adviser, recommended by the Department Chair, and approved by the Dean. The thesis/ dissertation defenses shall be managed by the College offering the graduate programs.

12. The defense application should be accompanied by three (3) copies for both the Master's level and doctoral level of the thesis/ dissertation manuscript and similarity report (i.e.Turnitin) facilitated by the Depart ment Chair or Graduate Program Coordinator. These should be submitted to the College at least one (1) week before the scheduled defense.

13. Graduate students who intend to involve schools and students in their research are required to write the Head of the School concerned to obtain permission for such use. The request should be noted by the Research Adviser and endorsed by the Department Chair/ Graduate Program Coordinator and the Dean.

14. Graduate students who intend to involve schools and student in their research are required to write the Head of the School concerned to obtain permission for such use. The request should be noted by the Research Adviser and endorsed by the Department Chair/ Graduate Program Coordinator and the Dean.

15. During the defenses, the following shall be observed:

Opening prayer will be led by one of the students to defend;

a. Thesis/ dissertation students will be introduced by the Adviser;
b. The chair of the panel shall introduce the panel members;
c. The students present the highlights of their proposal (20 minutes) or thesis/ dissertation (30 minutes).
d. After the presentation, the chair of the panel opens and facilitates the oral defense;
e. The chair formally ends the defense and panel evaluates, in private, the proposal or thesis/ dissertation of the students by completing and submitting the rating forms to the depart ment chair/ graduate program coordinator.
f. After the panel deliberation, the chair of the panel calls back the candidate to announce the results of the defense.

Roles, Honoraria, and Ratings During Defense

A. Composition of Panel

The Defense Panel shall be composed of a Chairperson and Members. The Panel members shall elect among themselves who will act as the Chairperson.
The panel shall be experts and aligned with the area of study of the student. All panel members should be present during the defense. The de- fense shall be postponed if a panel member is absent.

The composition of the panel shall have among its members' content and method specialists. The methods specialist/s shall provide technical advice on the appropriate research methodology to be used, including the specific research design and
appropriate techniques to analyze either quantitative or qualitative data

Types of Defenses	Master's	PhD
Proposal	3	5
Final	3	5

The same set of panel members should compose the proposal and final defense.

The Dean may sit in the defense as Adviser, Chair of the Panel or Panel Member where his/her academic qualification is appropriate.

An external member/s, who is/are not full-time faculty members of the graduate program and whose expertise are in line with the research topic of the students may be included in the panel composition provided they meet the qualifications needed.

B. Qualifications and Functions of the Panel Members

1. The Chairperson

The chairperson is a panel member who is elected by the panel members. The Chairperson must demonstrate expertise in the discipline and direct or lead the proceedings during the defense.

The Chairperson is expected to:

a. Conduct the defense examination and maintain academic integrity of the research inquiry
b. Brief the panel on the graduate program criteria and grading system.
c. Intelligently settle issues in case of conflict of suggestions among the panel members.
d. Summarize the grades submitted by the panel members after the deliberation.
e. Announce the result of the defense before the end of each defense.

2. Panel Members

The thesis/ dissertation panel shall have among its members content and method specialists.

The Panel Members are expected to:
a. Ask questions relevant to the study.
b. Suggest or comment on the content, presentation, mechanics, and style.

c. Provide constructive criticisms to improve the substance of the paper.
d. Provide technical advice on the appropriate research methodology to be used including the specific research design and appropriate technique to analyze either quantitative or qualitative data.

C. The Adviser

The adviser should be a full-time faculty member of the university with a doctorate degree aligned with the program, with completed and ongoing research, and published works.

The Adviser is expected to:

a. Provide the overall direction of the paper.
b. Guide the advisee in the conduct of the study.
c. Ensure that the paper is thoroughly reviewed before recommending for defense;
d. Should be present during the defense;
e. Ensure that all suggestions given by the panel are included as substantial inputs to the paper;
f. Introduce the candidate to the members of the panel before defense.

In cases when the adviser is unable to perform the expected duties, change of adviser may be made. A new adviser may be recommended by the Panel and shall be designated by the Dean. There are two possible means of changing adviser.

1. Student-initiated. The student may request in writing change of adviser. The letter of request shall be addressed to the Chair of the Thesis/ Dissertation Panel and noted by the Dean. The panel shall decide based on the reasons stated in the letter and validated by documents and interview.

2. Adviser-initiated. Any adviser who is retiring or is under un favorable medical conditions may request withdrawal of advisership in writing addressed to the Chair of the Thesis/ Dissertation Panel and noted by the Dean. In case of death, the adviser shall automatically be changed.

D. The Thesis/ Dissertation Reader/ Documenter

The Thesis/Dissertation Reader/Documenter shall be nominated among the panel members. Nomination of such shall be made by the members before the proposal defense.

The Documenter shall:

The Documenter shall:

a. Prepare a summary and present such after the deliberation;
b. Prepare a written report with the comments/suggestions; Such report must be signed by the documenter and noted by the panel chair and panel members before providing a copy to the student;
c. Check the compliance report of the candidate based on the comments/suggestions of the panel members before the final defense;
d. File a copy of the proceedings in the office of the dean.

The presence of a statistician is optional.

E. The Editor

Each college should identify poll of editors.

F. Rating in the Final Defense and Awards

For Thesis defense

Numerical Rating	Descriptive Rating
97-100	Excellent
93-96	Very Satisfactory
89-92	Satisfactory
85-88	Fair
81-84	Passed

For Dissertation Defense

Numerical Rating	Descriptive Rating
99-100	Excellent
96-98	Very Satisfactory
93-95	Satisfactory
90-92	Fair
89 and below	Passed

Candidates who received an Excellent rating will be awarded "Excellence in Oral Defense."

Academic Awards

A graduate student shall be awarded the Academic Excellence award during graduation provided the student:

1. Has taken and completed at least 70% of the academic units required for graduation at Partido State University;
2. Has no grade in any course lower than 1.5 for the master's level, 1.25 for the doctoral level, and no INC remark on the student's academic record;
3. Has earned a Final Defense grade of 98 or better; and
4. Has completed the program within the prescribed number of years (within the MRR).

The basis for the computation of overall grades for the award are as follows:

CRITERIA	WEIGHT
Academic Grade Point Average	75%
Performance in Final Defense	25%
TOTAL	100%

Honors awarded based on overall grade:

Academic Excellence	1.0 – 1.3

Requirements for Graduation

To apply for graduation, a graduate student should:

1. Pass all the courses required by the graduate program.
2. Pass the comprehensive examination.
3. Successfully present and defend publicly, with passing grade, the thesis/ dissertation.
4. Submit three (3) hardbound copies of the thesis/ dissertation 15 days before graduation. All copies must contain the official approval of the examination panel and the official acceptance of the thesis/ dissertation by the Dean. These copies shall be distributed to the following: PSU library (original copy), College (photo copy), and author.
5. Submit thesis/ dissertation in soft copy (Capstone Project for Professional/Non-Thesis Track).
6. Submit duly signed student clearance for graduation.
7. Publish at least one (1) article in any internationally/ nationally indexed journal or juried creative work.

Conferment of Degrees

The student shall be conferred the Doctoral/ Master's Degree upon recommendation of the Faculty of the College, endorsed by the Academic Council, and approval of the Board of Regents.

Code of Conduct

Any student who commits the following major violations shall be automatically DISMISSED/EXPELLED from the university:

a. All forms of Plagiarism
b. Possession/use/sale/distribute prohibited drugs and substances within the school premises

Any student who commits the Moderate Violations below shall be penalized as follows:

1st offense - SUSPENSION for 2 meetings equivalent to 6 hours 2nd offense- DISMISSAL/EXPULSION from the university

a. cheating during comprehensive exam and major examinations, and quizzes.
b. possession of or drinking alcohol within the school premises
c. causing public and major disturbance or scandal during school activities within and outside the university
d. forging, falsification, tampering of official school records or documents
e. unauthorized collection or solicitation of money.
f. gross disrespect in words or in deeds to administrators, faculty, non-teaching staff, or classmates.
g. Theft or robbery in any form

Any student who commits the Minor Violations below shall be penalized as follows:

1st offense - REPRIMAND
2nd offense - SUSPENSION for 2 meetings equivalent to 6 hours 3rd offense- DISMISSAL/EXPULSION from the university

a. causing minor disturbance in the classroom
b. annoying or harassing fellow students
c. other minor acts not included in this category such as: stalking, harassment, and bullying.

Internationalization Engagement of Graduate Students

Graduate students are required under their revised curriculum to engage in internationalization activities. These activities may be in the form of:

1. Student Exchange (Academic/Cultural Exchange)
2. Internship
3. Paper presentation in an International Conference
4. Organize International Conference
5. Cross country visit

Any of these engagements shall be governed by the following CMOs.

1. CMO No. 55, s.2016- Policy Framework and Strategies on the Internationalization of Philippine Higher Education
2 CMO NO. 26, s. 2015- Policies, Guidelines, and Procedures on Inter- national Education Trips (IET) of Undergraduate and Graduate Students
3. CMO No. 11, s. 2014- Guidelines for Participation of Selected High- er Institution in the ASEAN International Mobility for Students (AIMS)
4. CMO No. 62, s. 2016- Policies, Standards, and Guide- lines (PSGs) for Transnational Education (TNE) Programs

Off-campus activities of Graduate Students

Off-campus activities within the Philippines shall be guided by CMO No. 63, s. 2017, BOT 44,2, 2018. (Please see attached basis)

Anti-sexual Harassment Law

Sexual harassment shall not be allowed in the Graduate Program. Any sexual harassment committed shall be governed by Republic Act No. 7877.

Policy and Protocol Violations

In the event that any provision, policy, or protocol outlined in this Manual is violated, appropriate actions shall be undertaken. Such actions may include, but are not limited to, verbal or written warnings, corrective measures, or other disciplinary actions as may be deemed necessary and appropriate by the concerned authority. Specific procedures and sanctions shall be determined in accordance with existing institutional rules and regulations.

REQUEST FOR A PREFERRED THESIS/DISSERTATION ADVISER

_____
Date

_____
Dean
Partido State University

Madame:

As a requirement for the program _____ with specialization in _____, I intend to work on the thesis/ dissertation titled:
_____
_____

Based on the faculty expertise on the above topic, I would like to request that I be assigned to any of the following faculty as my thesis / dissertation adviser:

1. _____
2. _____
3. _____

Thank you very much!

Sincerely,

_____
Signature and Name of Student

ACTION OF THE COLLEGE

This is to inform you that _____ has been designated as your thesis / dissertation adviser.

Please confer with your adviser at the soonest possible time.

THESIS / DISSERTATION ADVISER DESIGNATION AND ACKNOWLEDGEMENT FORM

_____
Date

_____
Name of Faculty

Sir / Madame:

In accordance with the policies on selection and designation of Faculty Adviser, you are hereby designated to supervise the following thesis / dissertation:

Thesis/ Dissertation Title:	
Name of Proponent:	
Program:	

As adviser/ mentor, you are requested to observe the following responsibilities as provided in the Graduate Programs Handbook of Academic Regulations and Degree Requirements:

1. provide substantial inputs to the study;
2. guide the advisee in the conduct of the study; and
3. assist the candidate in the inclusion of all suggestions in the final report of the thesis/ dissertation.

Furthermore, please be guided by the provisions of BOR Res. No.53 s. 2021 or Institutionalizing a Process for Mentoring Graduate Thesis and Dissertation which is attached to this letter.

Kindly confirm your acceptance of this designation. Thank you!

Truly yours,

_____
Dean

I hereby read the attached thesis / dissertation manuscript and I accept my designation as Thesis / Dissertation Adviser. I commit to supervise the student throughout the thesis / dissertation writing process and provide the necessary guidance by being available for periodic meetings and draft/performance reviews of his/her written work.

I further certify that this assignment is within the allowable number of advisees based on the existing institutional and regulatory policies on Thesis / Dissertation Writing.

PSU HYMN
Lyrics and Music by Fr. Lorenzo Juan B. Jarcia,III

Over majestic Isarog shines the light of dawn
Lift high your head, our spirits moving on
With pride in our hearts, we love to shout your name
PARTIDO STATE UNIVERSITY forever we'll proclaim.

To God and country we pray, is our duty
Our never-ending service to humanity
Let's be true, let's be worthy
PARTIDO STATE UNIVERSITY our true and only way

Chorus:
PARTIDO STATE UNIVERSITY
We make our pledge to you,
we promise we'll be true
Our Alma Mater dear,
forever we will hear

PARTIDO STATE UNIVERSITY
our loyalty forever true.
(Repeat chorus)

PARTIDO STATE UNIVERSITY our loyalty forever true.
