Lecture of International Experts:

- Special Lecture on Aquarium Tank Experiment for Coral Bleaching by Dr. Satoshi Kubota, Professor, Department of Marine Resource Science and Head, Kuroshio Science Unit at Kochi University, Japan at Partido State University, Goa on March 2-4, 2025 as part of the International Research Collaboration and Academic Engagement with **Kochi University**

Attendance to International Conferences/Symposia/Workshops/Benchmarking Activities

- Dr. Raul G. Bradecina, University Professor of Partido State University went to Tokyo and Shizuoka, Japan on January 25 - February 3, 2025 to participate in the Benchmarking Visit of the TBTI Philippines Project Team in Japan.

Visiting Experts:

- The Partido State University is honored to welcome back Dr. Rafe M. Brown, a distinguished Professor of Ecology and Evolutionary Biology at the University of Kansas. This time, Dr. Brown's Visiting Professor stint in Partido State University for five (5) months from March 1 to July 31, 2025, is a competitive award that comes from J. William Fulbright Foreign Scholarship Board (FSB), the Department of State, and the PAEF Board. It is administered in cooperation with the Council for International Exchange of Scholars (CIES). As an internationally recognized

herpetology expert, Dr. Brown will engage in groundbreaking collaborative research focused on terrestrial biodiversity, conservation, and the taxonomy of amphibians and reptiles in the Bicol Region of the Philippines. In addition to his research contributions, he will also serve as a professional lecturer for selected undergraduate and graduate courses at ParSU. Dr. Brown has received the prestigious Fulbright U.S. Scholar Award, which will enable him to spend a year conducting research and teaching in the Philippines. He is among U.S. citizens selected for this highly competitive fellowship for the 2024-25 academic year, highlighting his commitment to enhancing global education and research collaboration.
