Remarks and Observation

Such that further conditions stated in the official contract entered into by PLDT Co. and concerned parties shall be strictly observed and followed, I, e, installation, maintenance, disconnection and pullout of specific PLDT supplied equipment and accessories wherever required. That signatories herewith who are duly authorized by all parties involve, shall be held responsible for this endorsement and acceptance of aforementioned items and / or subjects. It must be also noted that billing information and related thereto shall only be settled with the assigned PLDT personnel handling this account and not with the engineers and / or technicians who implemented the agreed PLDT service facility. This is also to certify that this PLDT service is being delivered by the present PLDT engineers or technicians with no monetary reward whatsoever to the customer. Any questions/inquiries should be coursed through with the assigned SRM/AO.

The utmost cooperation and consideration on this matter by all parties is highly appreciated.
